ALLEGHENY COLLEGE.

Admission.

Candidates for admission to College must present testimonials of good moral character, or certificates of honorable dismissal from other Colleges.

Every Student must write in the Matriculation Book of the College, his own name, and the name and place of abode of his father or guardian.

Ladies will be admitted to the college classes subject to the same examination as gentlemen.

An accurate knowledge of the following studies will be required for admission to the Freshman Class :

LATIN.....	{	Reader and Prose Composition, Harkness. Two Books of Cæsar's Commentaries. Four Books of Virgil's <i>Æneid</i> , and Prosody. Harkness' Grammar.
GREEK	{	Lessons, Reader, and Composition. Two Books of Xenophon's <i>Anabasis</i> . Hadley's Grammar.
MATHEMATICS.	{	Arithmetic. Higher Algebra to Quadratic Equations.
ENGLISH.....	{	Geography. Grammar. History.

For admission to the advanced classes, a knowledge of the previous studies of the course, or their equivalents, will be required.

All members of the Senior Class will be expected to be in attendance during the entire Senior year.

For the present, to accommodate students preparing for the College course, classes will commence Latin the first term of the College year, and Greek and Algebra the second term. The Professors of the College will give instruction to these classes.

* LECTURES.

† ALTERNATE DAYS.

ALLEGHENY COLLEGE.

EXAMINATIONS.

There will be three examinations of classes during the year. The first will be on the last three days of the Fall Term. The second will be on the last three days of the Winter Term. The third will begin a week previous to Commencement.

DEGREES.

The Degree of Bachelor of Arts will be conferred upon those who complete, in a satisfactory manner, either of the preceding courses of study.

The Degree of Master of Arts may be conferred in course on every Bachelor of Arts of three years' standing, who has been engaged since his graduation in some literary occupation, and has sustained a good moral character. Application should be made to the President as early as the Monday preceding Commencement, advancing the usual fee.

RELIGIOUS WORSHIP.

The Scriptures are read and prayer offered mornings in the College Chapel, at which time all the Students are required to be present.

Regular attendance on some place of religious worship on the Sabbath is a requirement of the College.

The Students' Prayer Meeting will be held on Thursday evening of each week.

PUBLIC EXERCISES.

Lectures by the Professors, original orations by the Senior Class, and declamations, compositions, original orations, and debates by the literary Societies, on Tuesday or Friday evenings of each week.

COLLEGE HONORS, 1871.

FIRST HONOR, . Valedictory,	JAMES ELDEN.
SECOND HONOR,	ELIHU WARNER TOLERTON.
THIRD HONOR,	JAMES FOREST WILSON.
FOURTH HONOR,	FRANK OLIN MARVIN.

ALLEGHENY COLLEGE.

PRIZES, 1871.

DECLAMATIONS.

The President's Prizes, competed for by all the members of the College, were awarded as follows:

The first to

J. W. MILES.

The second to

F. O. MARVIN.

The Keystone Prize, established in connection with the Allegheny Literary Society, and competed for by all its members, was awarded to

E. G. HOGATE.

The Chambers' Prize, established in connection with the Philo-Franklin Literary Society, and competed for by all its members, was awarded to

R. A. MCKINLEY.

ESSAYS.

ALLEGHENY LITERARY SOCIETY.

The Allegheny Prize, competed for by its members in either the Freshman Class or the Preparatory Department, was awarded to

F. HULINGS.

The Hazeltine Prize, competed for by all the members of the Society, was awarded to

G. W. LOOMIS.

"The Beth Gimel Lamed Oration Prize" has been established in connection with Allegheny Literary Society. Awarded to

J. F. WILSON.

PHILO-FRANKLIN LITERARY SOCIETY.

The Kalamathean Prize, competed for by all its members in either the Freshman Class or Preparatory Department, was awarded to

R. A. MCKINLEY.

The Woodruff Prize, competed for by all its members, was not awarded.

"The Centenary Prize," established in connection with the Philo-Franklin Literary Society, was awarded to

B. B. MANSELL.

ALLEGHENY COLLEGE.

ASTRONOMICAL INSTRUMENTS.

By generous donation, G. B. DELAMATER, Esq., has furnished an excellent Telescope, 8 feet Refractor, $7\frac{1}{2}$ inches Object Glass, in power capable of separating minute double stars; manufactured by A. Clark & Son, Cambridge, Mass. Also, a superb Transit from the hands of Stackpole Bros., New York. These instruments are temporarily mounted, waiting the erection of a suitable Observatory.

Also, Sextant Transit, with Meridian Finder, Prismatic Compass, and other instruments essential to the department of ENGINEERING, all of first class workmanship, and practically used in the field.

APPARATUS AND CABINETS.

Through the munificence of Hon. C. V. CULVER, the College is now in possession of extensive cabinets of Mineralogy and Conchology, and complete Chemical and Philosophical apparatus of the most approved forms.

The apparatus, for the most part, has been made to order by manufacturers having the highest reputation for skill in their special departments. It comprises several hundred distinct pieces, affording the most ample means of illustrating every branch of physics and chemistry now taught in Collegiate Institutions.

Among the more expensive instruments are the following:

A compound Microscope, with accessories, manufactured by Zentmayer, of Philadelphia, at a cost of about \$500.

A Rumkorff Induction coil, giving a twelve inch spark, by E. S. Ritchie & Co., of Boston, costing \$525.

A Thilorier's apparatus for solidifying carbonic acid.

ALLEGHENY COLLEGE.

Eighteen instruments to illustrate the laws of Undulations.

Auzoux' largest size Anatomical Models of the Eye, Ear, Brain and Larynx.

Apparatus for reproducing Tyndall's experiments on Heat.

A Solar Microscope.

Two Polariscopes with accessories.

A Spectroscope with four prisms.

Apparatus for projecting optical phenomena on a screen, including a first class double Lantern, adapted to four kinds of light.

The Optical Instruments, excepting the Compound Microscope, Telescope, and Astronomical Transit, were made by M. Duboscq, of Paris.

The Laboratory is stocked with a full assortment of common chemicals, a cabinet of rare preparations, and an abundant supply of apparatus for all chemical purposes—the greater part of which has been imported from Paris and Berlin.

The Cabinet embraces four distinct collections of minerals and shells.

1. THE PRESCOTT CABINET, comprising 2,400 specimens of marine, terrestrial and fresh water shells, and about 3,000 specimens of minerals and fossils collected and mounted by Dr. WILLIAM PRESCOTT, of Concord, N. H.

2. THE HALDEMAN CABINET has 550 excellent and carefully labeled specimens of minerals, and about 2,000 species of shells, and was purchased of S. S. HALDEMAN, of Columbia, Penn'a.

3. THE ALGER CABINET.—This magnificent collection, made by the late FRANCIS ALGER, of Boston, was purchased at a cost of \$12,000, and contains 5,000 specimens of minerals, remarkable for their beauty and variety, many of them unique. It embraces also a large number of duplicates, and a handsome suit of about 1,500 specimens of shells. This collection is said to have cost Mr. ALGER over \$35,000.

4. CABINET OF LITHOLOGY AND PALÆONTOLOGY.—Arrangements have been made with Prof. HENRY A. WARD, of the University of Rochester, for a Lithological and Palæontological cabinet of over 11,000 specimens, about 1,000 of which have been re-

ALLEGHENY COLLEGE.

ceived. The *Megatherium Cuvierii* and six other large casts are mounted in the former chapel, which has been fitted up in elegant style for this Geological Museum.

A skillful Taxidermist has prepared some two hundred birds of New England, which have been received.

SMITHSONIAN COLLECTIONS.—In addition to several valuable collections heretofore received from the Smithsonian Institution, there has been added a suite of over 500 specimens of land, marine and freshwater shells, from Panama, Vancouver's Island, and the West Indies, chiefly obtained by the late Prof. C. B. Adams, and authentically labelled by H. Cuming and by Dr. P. B. Carpenter, from the collections of D'Orbigny & Cuming.

These valuable additions will greatly increase the scientific advantages of the College, and furnish special incentives to the study of Natural Science.

ENTOMOLOGICAL CABINET.—The Collections of the College have just been enriched by the receipt of a superior Cabinet of Insects, embracing 3,000 species, carefully and accurately catalogued and classified. It was arranged by W. O. Currier, of Providence, R. I., and donated by a friend of the College.

MUSEUM OF ART HISTORY.

A commencement has been made in the formation of a Museum to illustrate the history of the Fine Arts. At present the collection contains sixty casts of works of sculpture, two hundred photographs, and the same number of engravings. They are so selected as to represent characteristic features of the different periods of the arts of Architecture, Sculpture and Painting.

Among the casts are :

The Apollo Belvidere—original in the Vatican, Rome.

Niobe—original in the Uffizzi Gallery, Florence.

Venus of Milo—original in the Louvre, Paris.

Polhymnia & Ancyrrhoe—originals in the Royal Museum, Berlin.

The Apostles, Peter, Paul and James, by Peter Visser, originals in St. Siboldus Church, Nuremberg.

Moses, by Michael Angelo—original in Rome.

The Nuremberg Nun, statues of Handel and Lessing, busts of Sophocles, Euripides, Gœthe, Schiller, and various Egyptian, Grecian, and Medieval bas-reliefs.

The Royal Museum of Berlin has also presented to the Allegheny College, casts of the celebrated Statue of Diana Colonna, busts of Alexander the Great and Julius Cæsar, the Wackenroder Memorial, German and Roman busts, casts of Indian and Assyrian sculpture, and a fine collection of original German and Classical Antiquities, consisting of German stone hammers, battle-axes, drinking vessels, and Greek and Etruscan vases and lamps.

A large Chinese, and also a Japanese Painting, have been presented to the Museum.

ALLEGHENY COLLEGE.

Rev. Mr. Long, Missionary to Bulgaria, has presented some Terra Cottas and Coins from Ephesus.

Friends and patrons of the College traveling abroad are invited to add to this Museum works of Art of any kind, but especially Photographs of historical works of Architecture, or original Antiquities of any nation. Copies of the works of native artists, memorials of the late war, or any articles to illustrate the history of the Indian or European races in this continent, will be carefully preserved. The names of the donors will be attached to all articles thus presented.

ALLEGHENY COLLEGE.

LITERARY SOCIETIES.

The Allegheny, Philo-Franklin and Biblical Literary Societies, have each their respective halls and libraries.

LIBRARY.

The College and Society Libraries contain upwards of ten thousand volumes, embracing many rare and valuable works, and accessible to all the students.

READING ROOM.

A Reading Room, sustained by the voluntary contributions of the Students and Faculty, affords access to the leading Periodicals of America and England.

EXPENSES.

An incidental fee of Four Dollars a Term will be charged to defray the current expenses of fuel for recitation rooms, services of janitor, and the ordinary repairs of the College Buildings.

The Boarding Hall is conducted on the cöoperative system, and board, including room rent, use of furniture, care of room and washing of bed linen and towels, will not vary much from four dollars a week, payable in advance.
